## Certificate II in Automotive Vocational Preparation\* AUR20712

**A total of 4 units of credit** – Preliminary and HSC

### Description

This qualification covers the skills and knowledge required to perform a limited range of tasks related to familiarisation and inspection of mechanical and electrical components and systems of cars, heavy vehicles, outdoor power equipment, bicycles, marine craft and motorcycles.

This qualification also covers the skills and knowledge required to perform minor maintenance and repair of an automotive vehicle body. The range of technical skills and knowledge is limited.

### Job roles and employment outcomes

The Certificate II in Automotive Vocational Preparation prepares prospective employees to undertake work in the broader automotive industry.

Job roles related to this qualification include:

- trades assistant
- vehicle service assistant
- automotive service assistant
- trainee serviceperson
- automotive trainee

### Competency Based Assessment

This is a competency based course. This means that students work to develop the competencies, skills and knowledge described in each unit of competency. To be assessed as competent a student must demonstrate to a qualified assessor that they can effectively carry out the various tasks and combinations of tasks listed to the standard required in an automotive environment. There is no mark awarded in competency-based assessment. Students are assessed as either 'competent' or 'not yet competent'. Students will be progressively assessed as 'competent' or 'not yet competent' in individual units of competency. When a student achieves a unit of competency it is signed off and recorded by the assessor. Competency based assessment determines the vocational qualification that a student will receive.

### Core Units
