Parent and Student iPad Agreement

Student's Name: _____ **Year Group:** _____ **Calendar Year: 2017**
(Please Print)

It is compulsory for students in years 7, 8, 9 and 10 to have an iPad to assist them to achieve their educational goals.

The only device accepted is an Apple iPad. Other brands of tablet devices cannot access the College's WIFI system.

No student will be permitted to use their iPad on our network unless this agreement has been signed and returned to the College.

Students must adhere to McCarthy Catholic College's Student Rights and Responsibilities and Computer and Internet Acceptable Use Policies.

Students must take full responsibility for their iPad. McCarthy Catholic College is not responsible for the physical security of iPads.

iPads cannot be used in any lesson or assessment unless directed by a teacher.

Students must immediately comply with any teacher's request to put their iPad away in their bag when asked.

Students are not permitted to transmit or post photographic images/videos of any person at school or in public to social networking sites.

iPads used on the College's and Catholic Education Diocese of Parramatta's Network will be managed using the AirWatch Management Agent. This will enable deployment and installation of Apps and management of security settings. AirWatch can only manage the settings on the connected device. It **cannot** view in App data, App usage details or delete Apps. The AirWatch app must remain on the student's iPad to support a safe and stable connection to the Internet, deployment of educational Apps to devices and locate devices when connected to our network.

iPads must be charged prior to bringing them to school and they must run off their own battery power.

To ensure appropriate student safety, students are to only use the College's WIFI network.

The College has the right to collect devices and inspect files on any device on school grounds. This covers devices that may contain obscene / objectionable material obtained offsite and stored on the student's device.

It is a student's responsibility to repair their device if needed.

Students should not physically share their iPad with other students.

The use of personal technology devices to support an inclusive learning environment is a privilege. The students and parents of the McCarthy community will be supported to use their iPad as a mobile educational tool that will benefit their learning.

If a student breaches any of the above statements their iPad maybe removed from accessing the College's WIFI network or banned from school.
